KLINGELTASTER

**Des. + Fab. Grothe GmbH,
Hennef/D,
www.grothe.de**

Edelstahl und Acrylglas bestimmen die Optik der zeitlos gestalteten Produktlinie, die sich dank des Tasters 'Protact 150 VA' auch in BUS-Anlagen integrieren lassen.

Stainless steel and acrylic glass dominate the visual appearance of the timelessly designed line of products, which can be integrated into bus systems with the 'Protact 150 VA' pushbutton.
